SUBJECT: Naming of Library

I am very pleased to inform you that our library at the new campus will be named for the Reese Phifer family of Phifer Wire Company.

"The Karen Phifer Brooks and Susan Phifer Cork Library" will be the center piece of our new campus and a highly visible program area for our students. The association with the Phifer family is a tremendous opportunity for our college and one that will have an input on future events.

You might like to write Beverly, Karen, and Susan a note expressing the excitement regarding our library being named in their honor. Their address is:
